- Open Forum: 2:12-2:25
 - **John:** Skys the limit may be moving meeting rooms. It would be the same building but downstairs and to the back. We are not sure yet.
 - **Stephanie:** I wanted to bring up that there have been meetings called All Recovery meeting at Noon, It was created out of necessity by the Zone because there was no NA meeting locally at that time slot. If anyone would be interested in forming a meeting for this time I believe there is a demand for an NA meeting to be formed.
 - **Michael:** There have been some rumors about the Zone, and how they interact with our members. I do not know that they are true, but it is concerning.
 - **Jody:** Those are just rumors I can tell you that these things never took place.
 - **Robert:** So Stephanie what are you saying?
 - **Stephanie:** I am saying there is a demand for an NA meeting to be formed, if anyone would want to form one in Marietta for a Noon meeting.

- **Robert:** Two things. First of all one of our members, Dennis P is in the hospital. Let's take a moment of silence for him.
 - (Silence)
 - **Robert:** Secondly, I am going to share my experience, strength and hope about voting people into trusted servants positions. When I began here, there was no Policy Parliamentarian, Secretary, or Vice Chair. Positions were open and we didn't rush to just throw anybody in there. We should never vote someone who is not qualified into these positions just because they are willing. We voted a chair in knowing that he could not be here several of the ASC meetings due to his work. He was honest with us about it and we still voted him in. Now Jody has had to step up and do that job because of our decision. Really, I want to challenge everyone to read the Concepts book, since you are a part of that. I am guilty of doing this, but I think we need to challenge ourselves. Read the duties and responsibilities for the position you are going to be voted in for. We have had members whose momma has gotten up here and told us not to vote them in, and we did it anyways, just because they had the willingness. It came back to bite us and it always has.
 - **Susan:** First of all, thank you all for your service. I wanted to tell you at this time that I am program director for GRCNA. We are looking for input, speakers and chairs for the workshops. I could use suggestions for people and topics if you can write them down and I will take all of your suggestions.
 - **Bob:** I was at the World Service Conference, and thought I would come today to answer any questions of if you wanted any insight on the WSC I am here to offer it. I actually took part in the WSC, and gained some insight on everything, so if you have any questions I am here to share my experience, strength and hope with you guys. Thanks.
 - **Jody:** Next area we will be having our annual GSR workshop. It will be put on by the outgoing trusted servants. We will have it at 2pm, then conduct area afterwards. We try not to make it too long and drawn out, but we need to conduct this for new GSR's to know their duties and responsibilities. We will also be having our budget workshop put on by the treasurer during this time, as per policy.
